Sycamore tree

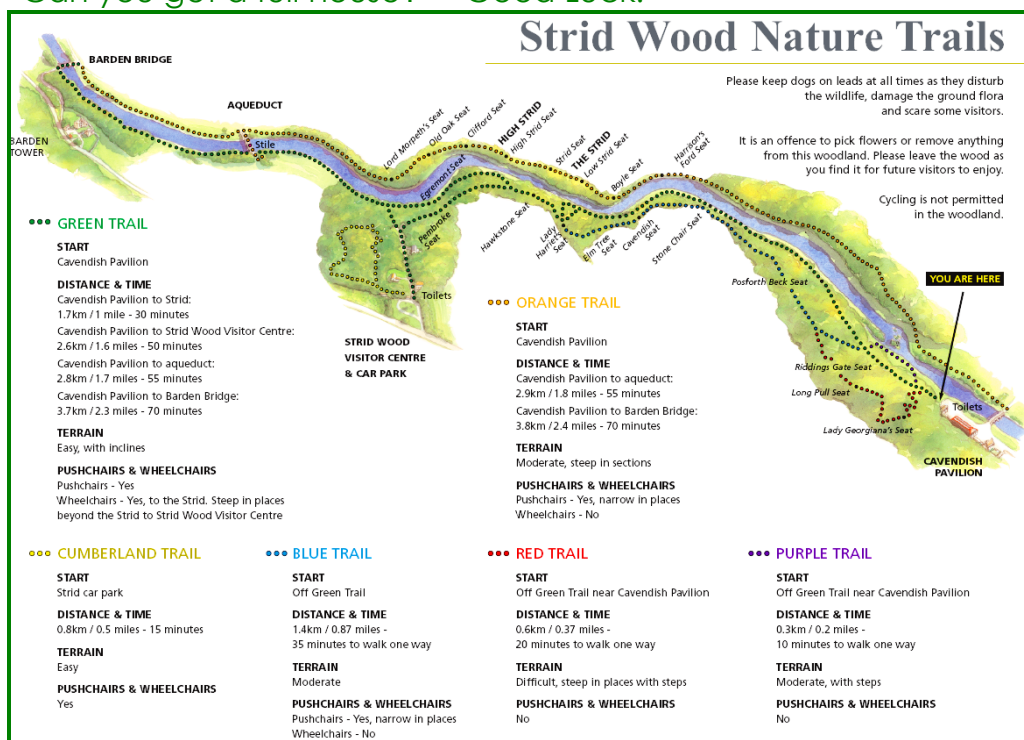

Spot the pictures on the bingo card as you follow one of the trails around Strid Wood. Who will be the first to get four in a line? Can you get a full house? Good Luck!

Strid Wood Bingo

Visitors have been welcome in this beautiful part of Wharfedale since the Priory was built in 1154.

Strid Wood was opened to the public in 1810. The green trail was originally used by visitors travelling in horse drawn wagonettes to picnic at the Strid.

The woodland is managed to provide a number of habitats used by a rich variety of birds, plants, fungi, animals and insects.

Strid Wood Bingo has been created with Natural England as part of their [One Million Children Outdoors](#) campaign. Natural England is working on a range of projects to encourage an interest in nature amongst children; helping them to enjoy the natural environment.

Find out more at www.naturalengland.org.uk

Natural England works for people, places and nature to conserve and enhance biodiversity, landscapes and wildlife in rural, urban, coastal and marine areas. We conserve and enhance the natural environment for its intrinsic value, the wellbeing and enjoyment of people, and the economic prosperity it brings.
